Thomas Aquinas College is looking for exceptional teachers who can lead seminars in the great books from Homer to Einstein. Applicants must be able and willing eventually to work in the whole of the curriculum, including its mathematical parts (e.g., Euclid, Ptolemy, Galileo, Newton, Descartes, Dedekind). Essential also is a willingness to study as a disciple the philosophy of Aristotle and the theology of St. Thomas Aquinas. The College is devoted to the intellectual life and is seriously Catholic. Its faculty and students are excellent. Write to Thomas E. Dillon, Dean, Thomas Aquinas College, 10000 North Ojai Road, Santa Paula, CA 93060.
