Format.

The format is that of the seminar. Members of the Heidegger Circle and distinguished guests will receive a bound copy of all the papers prior to the meeting (end of April - papers are due March 6). The Moderator-Commentators will each prepare the keynote line of questioning. After the paper for the session is presented the Moderator-Commentator will briefly initiate the discussion in which the members of the Circle and ~~their~~ guests will participate. When this round of questions and debate has been completed, and if time permits, questions from the members of the audience will be entertained.

*Note: Prof. Smith's papers is not included; Prof. Biemel contribution is in the German original.*
